Pattern Instructions

PART 1

1. Ch 13, Turn (12)

2. DC12 across (12)

3-13 Ch3 (counts as stitch) TR 11 (12)

4- 9 CH3 , SKST, TR, TR in SKST (this forms a cross). Repeat across row to 5 crosses per row) , Turn (12)

5-7 CH3 TR 11, Turn.

Fold over the last 3 rows of trebles to form the space for the dowelling or stick. It is a good idea to check that it will fit now. You can always add another row of trebles if necessary.

Crochet down the side with DCs until you reach the Trebles created in rows 3-13. Fold the opposite way to the flap for the dowelling by folding the rows of trebles in half to meet each other forming a pocket.

Check that your pot will fit in here.(Dowelling flap is on the WS and the flap for the pot is on the RS) .

Continue with the DCs until you reach the bottom. Fasten off. Reattach yarn on opposite edge with RS facing you and DC up to the top. Leave a long enough yarn to sew the dowelling flap closed along the bottom of the seam and fasten off. Sew closed using running stitch. You should now have a flap on the back for the dowelling and a pocket on the front for the pot.

The tassels were made by wrapping the yarn 15 times around a paracetamol box. Tie a separate piece of yarn through the top to hold together and cut the bottom to form the tassel. Tie another piece of yarn around the top to form the bobble. Attach to hanger base.

Push a 20cm piece of thin dowelling or stick through the top flap and attach 1 piece of jute or string on either side so you can hang the item up.

Will fit a 6cm diameter , 6 cm tall terracotta pot or the faux succulents available at Aldi at the moment.

The hanger measures 17cm approx not including hanger, tassels or fringe.

Insert your doweling or stick and tie some rope or string to form a hanger for your mini hanging garden.

You can add or subtract rows to make it longer or shorter, add a fringe tassels or beads to jazz it up. Don't forget to tag us in your makes @anziswhimsicalworld #anziswood
